TOP 10
KITCHEN
TRENDS

1

PROFILED & COLOURED CABINET DOORS

Profiled and coloured cabinet doors are a growing trend. Think navy blue, sage green and mid to dark greys in cabinet colours to make a statement in your kitchen.

2

INTEGRATED APPLIANCES & SMART TECHNOLOGY

Integrated appliances including fridges, ovens and smart technology will continue to grow in demand in kitchen designs, increasing functionality while keeping everything concealed and clean.

3

FUNCTIONALITY & FLEXIBILITY

Minimalist and streamlined kitchen design is incredibly popular in new homes providing functionality and family friendly open spaces while de-cluttering your home.

4

SCULLERY

The Scullery will continue to be a major focus as it can be integrated to form part of a larger kitchen space, rather than a totally isolated room. It is perfect for hiding unwanted clutter while entertaining and providing additional storage away from the main kitchen area.

5 LIGHTER COLOURS

Lighter colours in the kitchen allow for flexibility, making it easier to decorate, while also allowing a lighter ambience and feeling of space.

6

OPEN SHELVING

The use of open shelving is a great way to add an extra flair to your kitchen. It can look instantly chic and contained if done right.

7

PENDANT LIGHTING

Statement pendant lighting anchors the dining area adding extra depth of aesthetic, ambiance and height.

9

FREESTANDING ISLANDS

Island benches can give you the extra work space and storage that you need in your kitchen as well as providing a separate dining area for the family.

8

STONE COUNTERTOP & SPLASHBACK

Stone countertops and splashbacks provide a classic and timeless aesthetic to your home making your kitchen instantly luxurious.

10

CLEVER & CONCEALED STORAGE

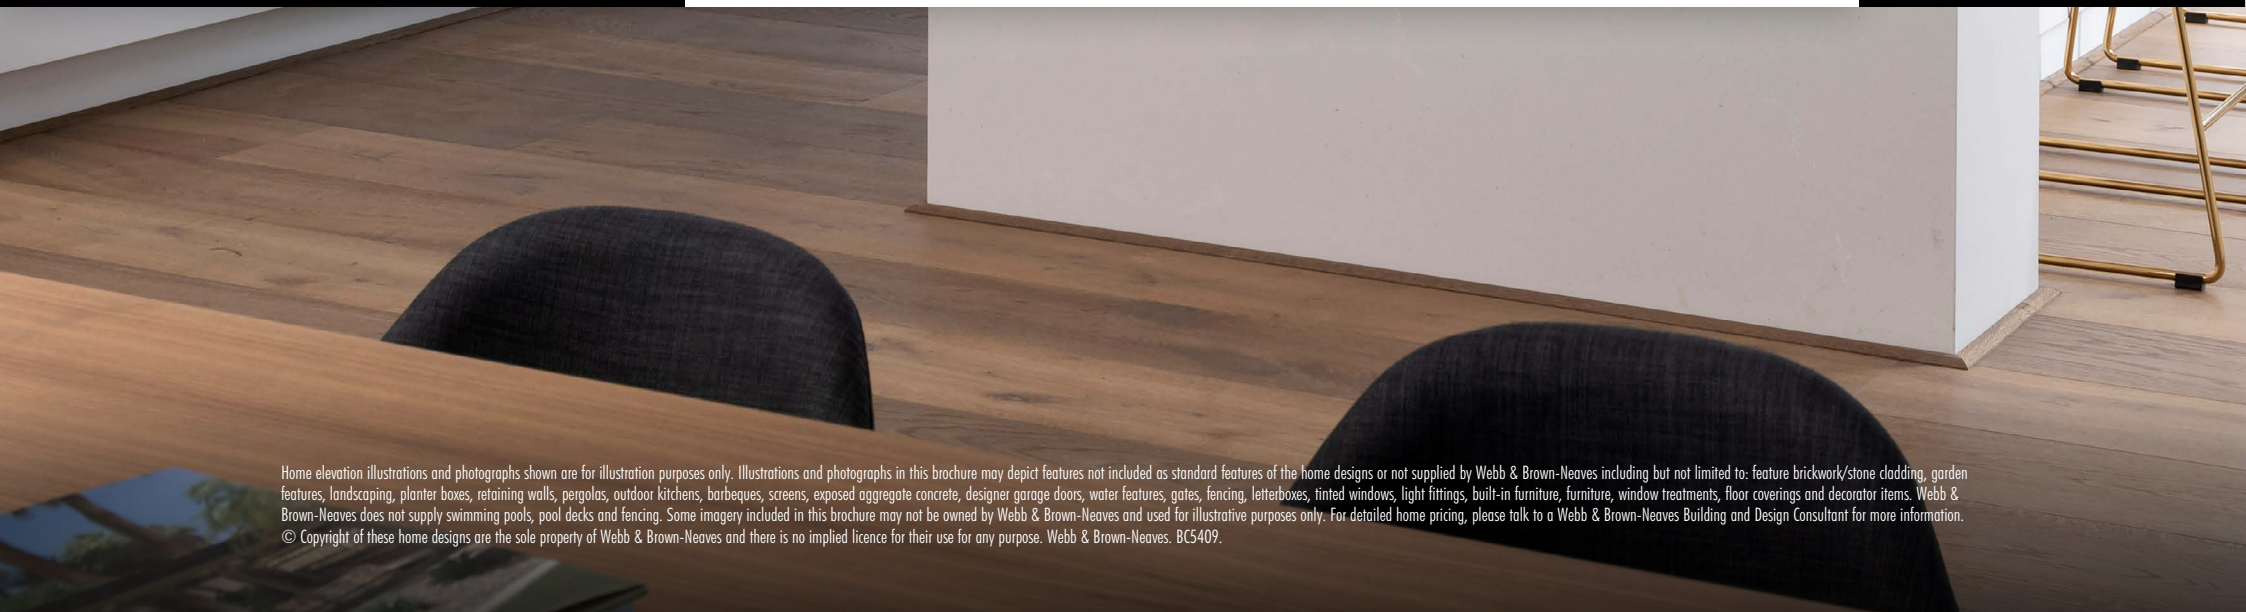

Concealed and integrated storage solutions allows the kitchen to feel streamlined as there is no visible clutter on any of the benchtops. This helps you achieve a bold and minimalist look of a modern kitchen.
