KITCHEN SERVERY TO ALFRESCO

Health and happiness stem from feeling connected to the outdoors. This kitchen is designed to bring the outside in, lift the servery window and enjoy the flow of outdoor breezes and conversation.

KITCHEN TECH HUB

This tech hub cements the kitchen's position as the heart of the home. Knock off your to-do list while dinner bubbles away on the stove. Pay bills, charge your phone, check recipes and reply to emails, without being pulled away from the social chatter of the evening.

STAIRCASE VOID

Nothing elevates the atmosphere of a home quite like a breathtaking void. This soaring ceiling creates grandness and volume while inviting in buckets of feel-good sunshine. This magnificent void also gives you a constant connection to children playing and studying on the upper level.

DROP ZONE FOR KIDS

A cluttered home can feel chaotic. This clever 'drop zone' is designed to capture the daily barrage of bags and clothing before they spill onto floors and under tables, keeping living areas clear and your mind calm.

KIDS WORK/STUDY ROOM

This side of the retreat is serious about studying. From learning to write, to writing a university assignment, this customised space allows kids of all ages to focus and flourish. The leafy outlook from this position is perfect for taking a mental break.

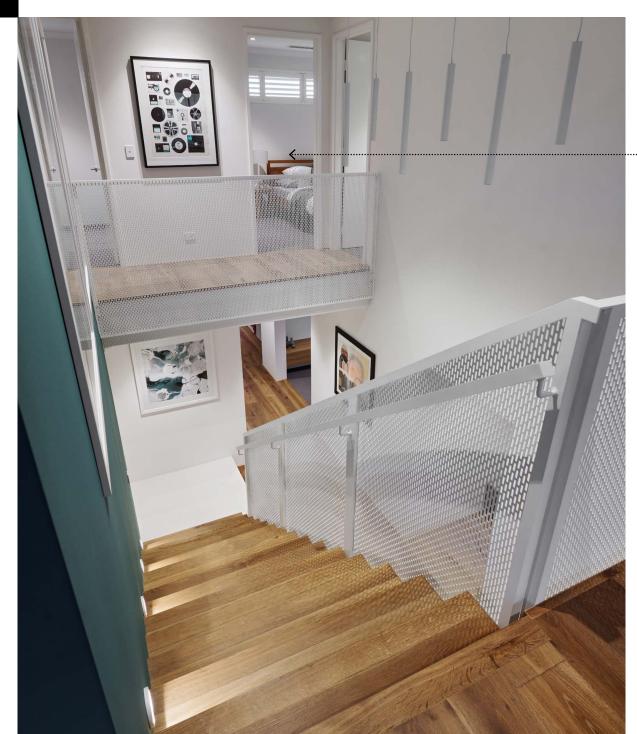

KIDS PLAYROOM

Sharing a laugh with family or friends is good for the soul. This side of the retreat is all about letting loose and having fun. Young children can revel in loudness and Lego, while screenagers will love having their very own private hangout.

KIDS SLEEPING QUARTERS

The entire upper floor is devoted to the junior members of the family. Complementing the extra-large kid's retreat is three bedrooms, a spacious bathroom. Kids will relish the freedom of having their own vast sanctuary, while parents will appreciate that the inevitable mess and noise is confined to the upper level.

MASTER SUITE RETREAT

This elegant master suite is completely dedicated to you.
Indulge in all the luxurious touches that you deserve, including
a double shower, expansive walk-in robe and 'his and hers'
separate vanities.

LANDSCAPING ●

The great outdoors is home to some of life's greatest memories. Line up the teddies for a picnic on the grass, or bond over marshmallows and firelight on a wintery night by the firepit. The oversized covered alfresco is ready for fun every day of the year, with the kitchen servery making it quick and easy to move mealtime outdoors.
